

ECM Group has been providing high quality service to small & medium-sized businesses for over 10 years. Our staff consists of certified Environmental Assessors in the state of California as well as Environmental Engineers with well over 35 years experience in the field. ECM Group can provide your company with quick answers & solutions regarding Hazardous Waste Regulations as well as save you time and money.

Did you know...?

- There are a variety of compliance issues that most businesses overlook?
- Regulatory agencies are now enforcing ALL aspects of the rules & regulations that have not usually been enforced or the inspectors have allowed to slip by during previous inspections?
- Who or which agency has the responsibility to write violations for what infractions of the rules?

Are you Aware...?

- Of possible ways & methods to reduce disposal costs of filter cake wastes?
- Of protection against being fined for non-compliance?

Informational Workshops

ECM Group will be presenting a series of informational workshops to help you understand the benefits of compliance and just what rules the regulatory agencies are currently enforcing. These workshops will be a 4 hour discussion that will thoroughly cover each regulation that applies to your business.

The cost will be \$150.00 per workshop.
